National conference

UNIVERSITI Malaysia Pahang (UMP) will host National Conference on software engineering and computer science 2007 on Aug 20 and 21.

The organiser is calling for paper from academicians, researchers and practitioners to present and share their knowledge and experience regarding application, methodology and latest technology in software engineering. The conference theme is "Computer Applications in Biotechnology, Manufacturing and Automotive Industries".

It will be held at The Legend Resort Cherating and for more information, contact the secretariat, Cik Fauziah Sabli at 09-5492133 or visit the conference website at http://nacses07.ump.edu.my.
